

SMALL MOLECULE SYNTHESIS

- Process Development
- Analytical Method Development
- Stability Studies
- Clinical and Pre-clinical Manufacturing
- *Highly Versatile Buchiglas Reactor Systems*
- *Filter Dryer System with Isolator*

CONTRACT RESEARCH

- Purification Abilities
- Molecular Analysis
- Custom Synthesis
- *Spectroscopic Abilities*
- *Chromatographic Abilities*
- *Nucleic Acid & PCR Systems*

CELL CULTURE/FERMENTATION

- Clinical and Pre-Clinical Capabilities
- Aseptic Fill
- Analytical Support
- *Cell Culture Bioreactors*
- *Fermenter*
- *Microfiltration*
- *Depth Filtration*
- *Downstream Processing*
- *Chromatography*
- *UF/DF Filtration*

LYOPHILIZATION

- Aseptic Service
- Both Intermediary and Final Product Presentations
- Formulation and Cycle Development
- Analytical and Biochemical Testing
- *FTS Systems Lyophilizer*

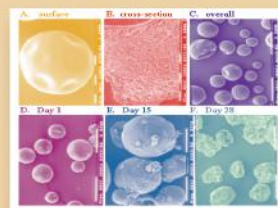

We offer services for all phases of project execution: from Conceptual Design to Product Development.

PROCESS DEVELOPMENT

ANALYTICAL SUPPORT

GMP FACILITIES

PROOF OF CONCEPT

PRE-CLINICAL DRUG PRODUCT

PHASE I DRUG PRODUCT

cGMP STERILE FILLING

- Strong Process Development Team
- *Clean Room ISO 5 Environment*
- *Manual and Automatic Systems*
- *Flexicon FP50 Filler*
- *Vial Depyrogenation*
- *Autoclave Systems*

OLIGONUCLEOTIDE SERVICES

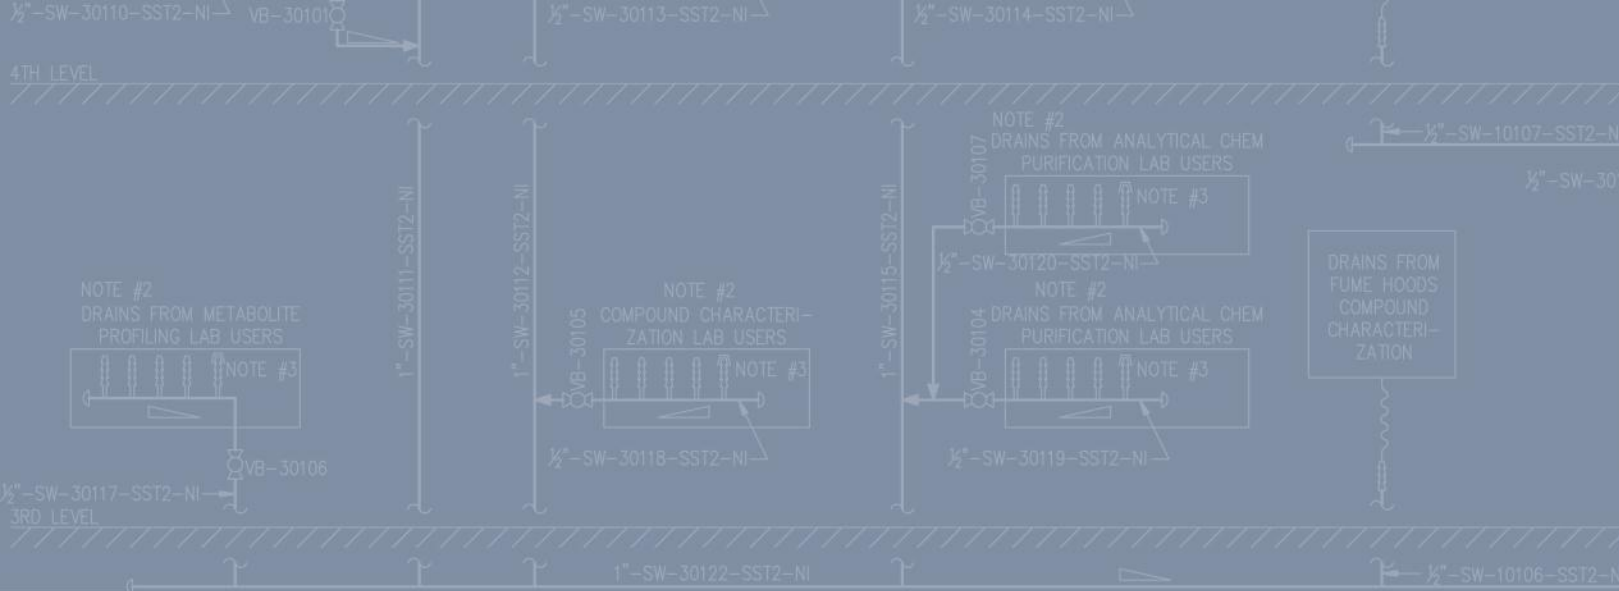

- Oligonucleotide Synthesis
- Process Development
- Analytical Services
- *Oligopilot Plus Synthesizer*

PEGYLATION

- Process Development and Optimization
- Development of Analytical Methods
- Production of Proof of Concept Material
- Production of Pre-Clinical and Clinical Material
- Custom PEG Synthesis
- Screening and Characterization of Conjugates

A Contract Service Organization

AXCELLERATE

PHARMA LLC

AXCELLERATE

PHARMA LLC

20 Kingsbridge Road, Piscataway, New Jersey 08854
E-mail: info@axcelleratepharma.com
